

Amethyst Class Newsletter

English

The children have finished their stories and have spent time editing them and sharing with a peer.

Maths

We have been investigating the number million and answering questions such as Are you more than a million minutes old?

Science

This week was Science week and the children were very excited to be investigating chromatography and had excellent suggestions for investigations that they carried out on Wednesday.

They have also been busy finishing History projects and printing their lino relief tiles in Art.

The children were excited to receive their Leaver's Hoodies and be able to wear them to school for P.E days.

Upcoming Dates....

3rd June – 7th June – Morfa Bay – Please arrive between 8am – 8:15am on Monday morning, the children need to come through the main entrance into the hall with their bags. I will register them and take any spending money. We will then wait for Mrs Gee to collect in all medicines from parents and fill in relevant paperwork and will be off once this is all done (usually about 8.30am).

18th, 19th 20th June – Cycling training.
