

Amethyst Class Newsletter

Science –We have been learning how our eye works. The children enjoyed watching each other's pupils contract and expand in changing light conditions!

History-This week has been writing a report on the Home Front: The Blitz, Children in the war and Shelters. Photos below of a special visit from Remy's grandad and his WW2 Jeep!

Maths- Calculating area and perimeter.

English – Planning a story based on WW2 Evacuees.

P.E – This term is Dance – Escape from danger and Netball skills.

We have had our Spring Term assessment week across the school this week. In year 6 (as we did in October), we have used past SATS papers for this and we have been very impressed with the children's progress since the Autumn term and also pleased with their attitude and resilience they have shown!

Coming up next week
Learning focused

Way to support at home (home learning)

Science – Light
Art – Abstract Painting
History- WW2
Maths- Fractions, percentages and decimals
English – Writing a narrative.

TTRS, Reading and Mathletics

Historical research project

SATS 10 minutes buster books, I have heard that some children have got going on these already! Well done and don't forget you can ask us about any questions you are not sure about.

Key dates coming up:

Cricket Taster session in P.E lesson 5th February (in school)

SATS meeting for parents 6th February 9:15 –9:45 am
