

Diamond Class Newsletter

In Science this week, we have been exploring circuits using various components including: bulbs, buzzers and motors. We will be creating electrically powered images of the 'Impossible Places' we created for our story writing.

On Wednesday, we completed the official Y4 Multiplication Tables Check. I was extremely impressed at the positive attitudes and excellent determination from all children. I am very proud and hope all their hard work is rewarded when the scores are released. Your child's score will be included with their school report before the end of term.

Key dates:

- M Shed and Bristol walk trip – Friday 21st June.

Coming up next week - Learning	Way to support at home
<p>In Maths next week, we will be continuing our learning on translation of shapes on a co-ordinate grid before revising multiplication method.</p> <p>In English, we have read a picture book called 'A Hero Like Me' which tells the story of the removal of the statue of Edward Colston in Bristol. We will be writing some persuasive texts linked to the book.</p> <p>We will be continuing our learning about Bristol's history by learning about Brunel and his links to Bristol.</p>	<p>Read at least 5 times a week. Please ensure reading is recorded in the reading record books each week.</p> <p>Mathletics – some children still have several outstanding pieces of home learning on mathletics.</p> <p>TTRS or other times tables practise.</p>
