

Jet Class Newsletter

It is lovely to see the children so inspired by our project on Explorers! This week they had the opportunity to apply their increasing knowledge about Ernest Shackleton to role play interviewing him. We definitely have some aspiring actors in Jet Class! We also had a visit from 'Dr Morley' from our class story. The children hot seated her and asked lots of interesting questions about her expedition to Antarctica. In Maths we have been assessing the children's knowledge and have been so pleased to see them applying all their learning so well. In Science we have been learning about how different animals have adapted to their habitats.

Coming up next week	Ways to support at home
<p>In English we will be planning a sequel to our class story The Giant Arctic Jellyfish.</p> <p>In Maths we will be continuing our unit of work on fractions.</p>	<p>Reading x5 a week</p> <p>Mathletics task: Shade fractions Halves and quarters</p>

Key dates coming up:

Thursday 6th February - Please can your child collect and bring in a bag of natural materials ready to make natural sculptures.

World Book Day - Thursday 6th March
