

## Jet Class Newsletter

This week in Jet Class we have introduced the children to our new class text 'The Search for The Giant Arctic Jellyfish' by Chloe Savage. We had a super Book Talk session where we explored the story, looked at the 'wow' vocabulary and talked about how the characters were feeling. In Maths we have been extending our knowledge of addition by learning how to add 2 two-digit numbers when the 10's barrier is crossed. In History we have been learning all about the famous explorer Ernest Shackleton and his extraordinary expedition to Antarctica aboard Endurance. In PE this term we have been practising our ball skills.

### Coming up next week

### Ways to support at home

In English we will be using our research on Arctic animals to create fact files.

In Maths we will be deepening our understanding of subtraction to subtract two 2-digit numbers crossing the 10's barrier

Reading x 5 a week

Mathletics task:  
Adding 3 1-digit numbers

Key dates coming up:

Last Day of Term 3: Friday 14<sup>th</sup> February
