

# Ruby Class News

The final week of term 3 for Ruby class and we have all still been fantastic learners!

In **English** we have written invitations to a party for the toys in our story 'Toys in Space'. In **Maths** we have been learning to count in 5s, noticing the patterns with the numbers. This week in **Geography** we have been recapping our knowledge of facts about the four countries of the UK we have learnt this term and have been learning our final facts about the three seas that surround the UK. We really enjoyed finding the UK on our big world map in the Hive. We thought the UK seemed so small and realised there were so many other seas and oceans in the world! For **Safer Internet week** we explored and discussed what things would be ok or not ok to share online. Making posters in teams to show our learning.

*Geography – world map in the Hive; making shamrock clovers and painting daffodils as the national flowers of Northern Ireland and Wales.*

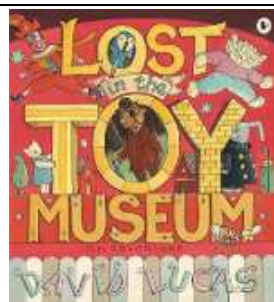

A highlight of the week has of course been our **DT** learning. Thank you again to the parents and grandparents who were able to come in to help the children – it has been a huge help! I think the children's sewing skills have impressed us all and they are very proud of their puppets. These will of course come home with the children in due course. Here is a sneaky peak at just a few of the Rubies fantastic puppets!

## Coming up next week

In English our new text will be 'Lost in the Toy Museum' by David Lucas.

In Maths we will be learning about measures.

## Way to support at home (home learning)

Read 5 times a week

Go through sounds in blue phonics books (new sounds stuck in on Fridays)

Mathletics tasks – 'Counting by 5s' and 'Counting by 10s'

Key dates:

Term 4 begins – Monday 24<sup>th</sup> February

World Book Day – Thursday 6<sup>th</sup> March

Have a lovely half term,

Mrs Grainger
