

Ruby Class News

The final term is here and we have got off to a great start!

In **Maths** we have been learning about sharing and grouping to solve division problems. We have used physical resources to make arrays and I have been impressed with how well the children have got on with this. In **English** we read our new text, The three little wolves and the big bad pig. We discussed which traditional tale had been twisted and what similarities and differences there were between the two stories. In **Geography** we have been recalling our learning about countries and capitals of the UK to help us with our new learning about the surrounding seas.

Next Friday 14th June we are hoping to take a walk up to Wickwar playing fields to support our learning in Science about plants. We do still need offers of help from parents/grandparents to be able to do this, please email me if you are able to come along with us on the day.

Sports day; Geography – finding surrounding UK seas, Maths – arrays to divide

Key dates:

Friday 14th June – non uniform day & class walk to playing fields (please see separate email for details)

Coming up next week	Way to support at home (home learning)
In English we will be writing sorry letters from the Big Bad Pig.	Read 5 times a week
In Maths we will use resources to solve multiplication problems.	Practice words in spelling book linked to phonics
	Mathletics will be set Friday to Friday.

Have a lovely weekend,

Mrs Grainger
