

Ruby Class News

In **Maths** we have been sharing between two using objects to help us recall these facts. We have also been completing some Maths quizzes on our learning this year which has been great to see just how much the children have learnt! In **English** we have written our diaries for Little Red using the grammar skills we have been learning this term; exclamations, plurals and adjectives. In **History** we have continued our learning about Queens by going further back in time to learn about Queen Victoria. We've learnt lots of interesting facts about her and have started to spot similarities between her and Queen Elizabeth II. It has been **Science** week for us and we were really excited by Mrs Brooks assembly about a skittle experiment. We made predictions before we had a go in small groups. We were amazed to see all the colours and then wondered about what changes we could make and whether that would change the result. We then had a go as class at some simple changes to see what would happen.

Of course a big part of our week has been waiting for **sports day**. After the rain came Wednesday we're looking forward to showing of our sporting skills today. Go Rubies!

Science week skittle experiment

Key dates:

Monday 3rd June – PE kits to be worn (no PE kit needed on Tues 4th)

Coming up next week	Way to support at home (home learning)
In English we will share our new text <i>'The three little wolves and the big bad pig'</i>	Read 5 times a week
In Maths we will continue dividing by sharing.	Practice words in spelling book linked to phonics

Have a lovely half term,

Mrs Grainger
