

Ruby Class News

A shorter week but we have still packed in lots of learning in Ruby class.

In **English** we wrote sentences to describe Billy using 'and' join words. In **Maths** we have been ordering and comparing numbers using the greater than/less than $<$ $>$. We enjoyed watching the numberblocks episode *Blockzilla* to support our understanding of these new maths signs.

In **Geography** we have been busy with cardboard creating some of the human features we have identified in our local village, town and city. The children have been using our value of 'teamwork' as they worked together to create their structures and solve problems along the way.

Key dates:

Thursday 17th October – RNLI visitor in Ruby class

Tuesday 22nd October (wear uniform) – individual/& sibling photos

Tuesday 22nd & Thursday 24th – parents evening appointments

Coming up next week	Way to support at home (home learning)
In English we will writing setting descriptions thinking about what Billy saw on her adventure.	Read 5 times a week
In Maths we will be adding single digit numbers to 2digits within 20.	Mathletics learning added each Friday

Have a lovely weekend,

Mrs Grainger
