

Ruby Class News

In **English** we have been writing descriptive sentences thinking about what Billy saw on her adventure. We have been challenging ourselves to use *and* to join words or ideas in our sentences. In **Maths** we have been adding single digit to 2digit numbers within 20. This week we have been using a different strategy, using a number track to jump along to find our answer, rather than counting resources to solve our addition problems.

In **Geography** we have been focusing on the coast and using our knowledge of human and physical to identify the different features. On Thursday we enjoyed a visit from John at the RNLI. John shared lots of his knowledge about the coast, especially how we can keep safe.

John from the RNLI telling us all about keeping safe at the beach.

At the end of our project we will have a pirate day to raise money in aid of the RNLI. Our pirate day will finish with a shanty song and journal share with parents invited on **Monday 16th December at 2.45pm.** Further details will follow nearer the time.

Key dates:

Tuesday 22nd October wear uniform – individual/& sibling photos

Tuesday 22nd & Thursday 24th October– parents evening appointments

Coming up next week	Way to support at home (home learning)
In English we will be learning to recite a poem and identifying rhyme.	Read 5 times a week
In Maths we will be subtracting single digits from 2digit numbers within 20.	Mathletics learning added each Friday

Have a lovely weekend,

Mrs Grainger
