

# Ruby Class News

It been a busy couple of week since our last newsletter...

In **English** we have been recapping some grammar learnt earlier in the year using the prefix un and suffixes er and est. This week we have been reflecting on our year in Ruby class to help us as we draft our letters to you which will accompany the childrens' reports. In **Maths** we have continued our learning about position finding three-quarter turns and using right and left to describe. We have started our **DT** learning about structures. Baby Bear (from Goldilocks) chair is broken and we have the challenge to design, make and evaluate a new one. Our first lesson allowed us to practice our teamwork and resilience values as we explored construction to make stable chairs. Next week we will learn different joining techniques using card.

*DT - construction chairs for Baby Bear*

<b>Coming up next week</b>	<b>Way to support at home (home learning)</b>
In <u>English</u> we will be writing letters	Read 5 times a week
In <u>Maths</u> we will measure and begin to record time (language seconds, minutes, hours)	Practice spellings
	Mathletics will be set Friday to Friday.

Have a lovely weekend, Mrs Grainger
