

Topaz News

Dear Parents,

What a brilliant evening we had on Wednesday. I hope the children enjoyed it as much as we did! We were very lucky to have a clear sky and see 3 of the planets and 2 of the constellations we have been learning about.

Some homework for you! We would like everyone to make a rocket at home to test in the last week of term using our rocket launcher. It has to have an open end to slide onto the launcher with a diameter of at least 2cm. It can be as creative or as simple as you choose. The children should be able to tell you all of the parts of a rocket! Please can they be brought into school by Friday 7th Feb.

We will decide on our rocket launching day closer to the time. We would like to make it a bit of a WOW day so we thought we would ask the children to dress up as their favourite planet/star/constellation or anything else you might find in space. This could be as simple as blue trousers and a green top for Earth, a sparkly dress for Venus, All red for Mars. Or you could be a bit more creative, completely up to you.

There was no celebration assembly this week so we will do a roll over next week.

Coming up next week	Ways to support at home
<p>Chinese New Year</p> <p>Odd and even numbers</p> <p>Number of the week: 7</p> <p>Thursday: Celebration assembly</p> <p>PE on Monday and Friday – Please wear PE kit to school.</p> <p>Forest Friday</p>	<p>Read whole reading book 5 times per week.</p> <p>Practise reading common exception words and phonemes identified in home learning book.</p>

Important Dates:
W/C 10th Feb – Rocket launch and dress up day
14.2.25 – Last day of term

Have a wonderful weekend,
 Mrs Newcombe
